TO : Assistant Chief of Staff G-2 SCAP

1. Reference is made to Memorandum for [REDACTED] dated 14 October 1949 from Executive G-2 SCAP.

2. Upon receipt of the above mentioned memorandum, [REDACTED] sent a classified message to Chief Foreign Broadcast Information Division Washington D.C. Copy attached Tab A.

3. In reply the Chief Foreign Broadcast Information Division has stated that should teletype transmission of the "Press Analysis" be authorized by FBO it would of course be acceptable to FBID, CIA to provide an informational or terminal copy of this material with notation as to office of record to the Military Intelligence Division Department of the Army, Washington D.C.

4. However in view of the joint interest of the MID and CIA in the expeditious transmission of the "Press Analysis" it is proposed that G-2 SCAP initiate the dispatch of this material to MID Washington by secure teletype means, with a terminal or information copy addressed to the Central Intelligence Agency, and thereby avoid engaging FBIS or FBID Washington in an extra-curricular activity.

5. In the event that this plan is not acceptable to G-2 SCAP, it is requested that the Chief FBIS [REDACTED] be advised in order that he may reopen the matter with the Chief FBID Washington and take the necessary steps to initiate this service to both CIA and MID through FBID channels.
